Our readers will certainly thank us for
advising them to keep in their houses, for
use, Kenna's Pain-Killing Magic Oil. It

like a charm."

HELMHOLD'S BUCHU—the only extract
of that wonderful curative shrub that con-
tains its full virtues, is still considered the
true specific for Kidney Diseases, Gravel,
Diabetes, Calculus, Dropsy, and those ob-
scure diseases that undermine life and rob
it of enjoyment. Dr. Helmhold, who spent
a fortune in making his discovery known,
has lived to see it endorsed by the physi-
cians and people of two continents. Re-
member that it is *Helmhold's* Extract that
cures when all others fail. For sale by all
druggists.

CUTLER'S POCKET INHALER AND CAR-
BOLATE OF IODINE INHALANT.—In another
column will be found an advertisement
of this novel instrument and remedy for
the treatment of Catarrh and throat and
lung diseases. It seems to be in great fa-
vor with medical men. Coughs, colds, sore
throats, asthma, are frequently relieved in
a few minutes by its use, while for Catarrh
it is claimed as the only specific. The cir-
cular and testimonials are very interesting.

THE LATEST TRIUMPH OF TEMPERANCE.
We congratulate the Temperance world
on the success everywhere attending the
use of VINCELA BOTTLES. Certainly no
preparation containing alcohol has accom-
plished such cures of malarial fever, bil-
iousness, dyspepsia, rheumatism, lung com-
plaints, constipation, and general debility,
we hear of from all quarters, as the results
of this famous vegetable specific. No true
philanthropist will regret to see spirituous
liquors expelled from medical use, if they
can be safely dispensed with; and that
they are not necessary in any case of sick-
ness, whatever its character, appears at
last to have been demonstrated. If public
opinion is capable of making any impres-
sion upon the minds of the Faculty, they
will ere long introduce the most popular
of modern medicines into the hospitals, and
prescribe it in their practice. The millions
have given the article a fair trial; it has
no theoretical opposition can shake their
faith in it.

NEW YORK, Jan. 30.—Three youths
quarrelled over a game of marbles yester-
day, and in the altercation following,
one of them, Robert Hand, was fatally
stabbed.

CAIRO, Ill., Jan. 30.—A case of attempted
murder and robbery occurred near this
city yesterday, such as seldom finds a par-
allel. I learn that two men, William
Roach and John Beck, who had arrived
on the steamer Glenora, left this city yester-
day morning on foot, in search of work.
Roach, by some means, had discovered that
Beck had about \$170 in cash, which he had
wrapped in his handkerchief, and it is now
evident that he persuaded Beck to go on the
road in search of work, that he might
rob him. After having gone about a mile
from the Central track, and near the trestle,
Roach drew his pistol, and saying he was
going to shoot a bird, fired. The ball en-
tered Beck's head back of the ears. Beck
did not fall instantly, and Roach, remark-
ing that he would staunch the wound,
jerked the handkerchief out of Beck's
pocket, when his victim fell and he left him
for dead. Roach then proceeded up the
road until he came to a man who was chop-
ping, and told him that there was "a man
back there who had been shot." The
wood-chopper at once suspected his inform-
ant, but in view of the pistol made no ef-
fort to arrest him. Roach went on to
Mound City, Ill., crossed the river, and
passed himself off for a sewing machine
agent, buying a horse from a man named
May, paying him \$105. At Terrill's Land-
ing, he stopped to wait for a boat, where
he was arrested in the afternoon by Sher-
iff Irvin, of this city, was brought back
and lodged in jail by 6 o'clock last evening.
After Roach left Beck, he soon recovered
sufficiently to make his way back to this
city, where his wound was dressed and the
Sheriff put on the track of the murderer.
Beck's wound, though quite painful, is not
dangerous.

QUINCY, Ill., Jan. 30.—A destructive fire
occurred here last night, in which six
buildings were destroyed. The loss is es-
timated at \$25,000. The fire was the work
of an incendiary.

CLEVELAND, Jan. 30.—A fire broke out
at seven o'clock this evening in the fourth
story of the wholesale clothing house of
Kelch, Goldsmith, Joseph & Co., entirely
destroying the two upper floors, which
were filled with goods. Loss \$150,000;
fully insured. The fire spread to the
wholesale hardware store of Worthington
& Co., which was entirely destroyed. Loss
on building \$50,000; on stock \$225,000;
insurance \$175,000. At this hour (1 1/2 a.m.)
the fire is still burning, but is under con-
trol. Origin unknown.

CINCINNATI, Jan. 30.—About quarter
past 1 o'clock this morning a fire broke out
in the building owned and occupied by L.
A. Strobel & Cross, manufacturer of mould-
ings, frames and looking glasses, on the
south side of Canal street, east of Elm.
The building and contents were entirely
consumed. Loss on building, stock and
machinery about \$40,000; insured for
\$30,000.

BOSTON, Mass., Jan. 30.—The steamer
Glenora was burned at the dock to-day,
but was saved from the hull and cargo.
The cargo, valued at \$250,000, was badly
damaged. The boat was valued at \$200,000.

DIXON'S PENCILS!
Dixon's American Graphite Pencils,
FOR OFFICE, DRAWING AND SPECIAL USES.
A New Lead Pencil
Of the finest quality, and all grades, from the softest up.
The peculiarity of these pencils consists in their being uniform and reliable, soft, smooth, very black,
holding the point in wear, the mark clear and perfect, but easily removed by the rubber; the lead
tenacious, the wood old and soft, the finish perfect; pleasant to use, they are wholly American, and no
discriminating person will be without them after a trial.
Explanation of grade stamps (copyrighted) on Dixon's Graphite Polygrade Pencils:
S. "Soft."—For heavy work on soft paper; or for directing pencils; too soft for the pocket or general
use. S. M. "Soft Medium."—For general commercial or pocket use; very smooth. M. "Medium."—For
the accountant's desk, reporters, bankers, and all cases where a smooth, black pencil is wanted that will
last well in fine work. H. "Hard."—For architects, civil engineers, draughtsmen, &c.; a very fine
clean line. V. H. "Very Hard."—For the finest lines. All these grades yield easily under the rubber

"M." suit many others. We find that even Stenographers differ, some requiring a softer
